Part 1. Rubber O Rings

SHQN O rings

Shanghai Qينو Offers AS568 and ISO 3601 standard sizes rubber O rings, most common metric sizes, plus a wide variety of non-standard o-ring sizes. Our materials meet mil-spec, UL, medical and automotive specifications, our rubber rings widely used in the Permian Basin, Alberta, Gulf of Mexico, Persian Gulf, North Sea, East Amazon Basin and Siberia of Russia Oil & Gas field.

Part 1. Rubber O Rings

Note: Free mold for standard sizes

All AS568 O rings

Sizes: (ID × C/S) (mm)

Material:

NBR/FKM/HNBR/SR/SBR/EPD
M Ect.

Extra Service:

Customized size/hardness/color
OEM/OEM are acceptable. Custom
Packing also available.

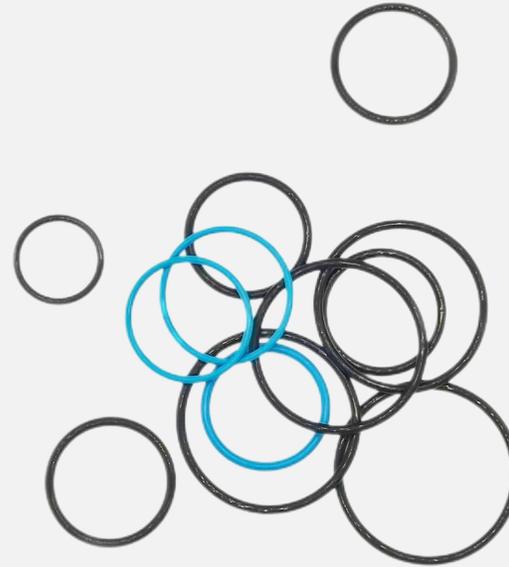

Part 2. Redress kits

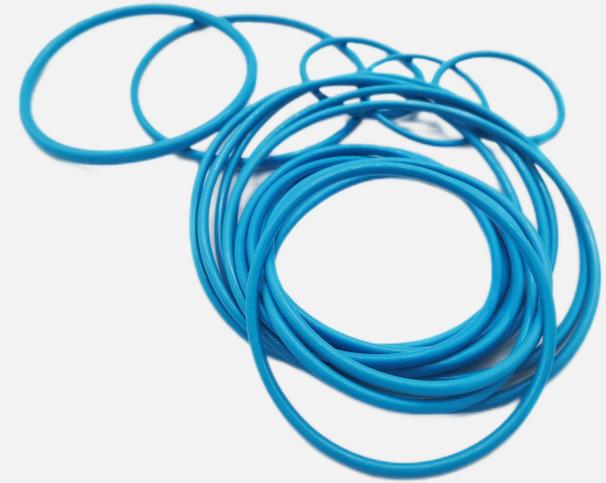

#20 Firing Head Kit

DWS 3 5/8 COMPACT

T-BRT redress kit

GC Stripper Head
Redress Kits

Part 2. Redress kits

#20 BP3.SEC kits

#10 BP3.SEC kits

Baker 20 Kit

#20 setting tool

Part 2. Redress kits

#10 setting tool

AP Compact Setting Tool Kit

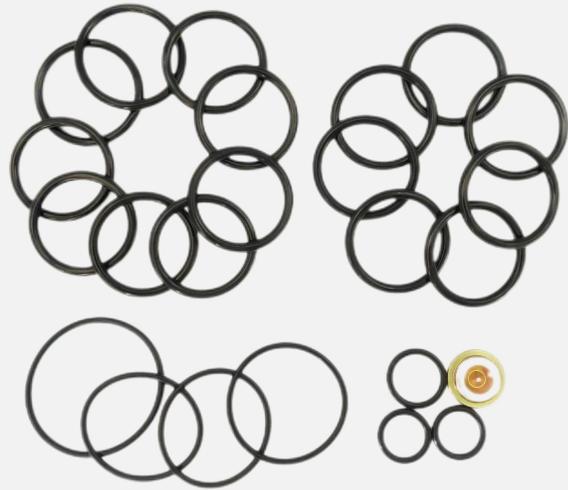

Shorty Kits

#20 Short Stroke Kit

Part 2. Redress kits

Baker 10 Kit

Tool Trap Shaft Kit

T Set

Part 3. Swivel Joint Repair Kits

2" Normal Swivel Kit

2" SMI-Oversized Swivel Joint Kit

3" SPM Swivel Kit

3" Wide Swivel Kit

Part 3. Swivel Joint Repair Kits

4" 15k Forum Swivel Kit

4" 15k FlowValve Swivel Kit

4" 15k TSI Swivel Kit

4" 10k FET-Flowvalve Swivel

Part 4. Hammer Union Seals

All Available Hammer Union Seals List :

1" 1502, Buna / Viton / HSN

1-1/2" 1502, Buna / Viton / HSN

2" 602/1502, Buna / Viton / HSN(Brass/Stainless Anti-Ext)

3" 602/1502, Buna / Viton / HSN(Brass/Stainless Anti-Ext)

4" 602/1002/1502, Buna / Viton / HSN(Brass/Stainless Anti-Ext)

2" FIG 206, Buna / Viton / HSN

3" FIG 206, Buna / Viton / HSN

4" FIG 206, Buna / Viton / HSN

7" 602/1502, Buna / Viton / HSN(Brass/Stainless Anti-Ext)

2" FIG 607, Buna / Viton / HSN Seal Ring

Part 4. Hammer Union Seals

Different types:

➤ Type 1:
rubber union seals

➤ Type 2:
w/ brass back-up
rings

➤ Type 3:
w/ stainless steel back-up
rings

Part 5. Plug Valve Seal Kits

Plug Valve Seals List:

Available size: 1" 2" 3"

Available material: NBR/ HNBR/FKM or customer request material

Part 5. Plug Valve Seal Kits

Plug Valve Seal Kits List:

1" Low Torque Plug Valve Seal Kit

2" X 1" Low Torque Plug Valve Seal Kit

2" X 2" Low Torque Plug Valve Seal Kit

3" Low Torque Plug Valve Seal Kit

4" Low Torque Plug Valve Seal Kit

1" Plug Valve Seal Kit FMC type Fig1502

2" Plug Valve Seal Kit FMC type Fig1502

Kinds of valves seal kits are available.

Plug Valve Seal Kits

Part 6. Rubber Swab Cups

● V type

● **Available sizes :** 4-1/2", 4-3/4", 5-1/2", 5-3/4", 7"

● **Material:** rubber+metal core

● MV type

● **Available sizes :** 2 7/8", 3 1/2" etc

● **Material:** rubber +metal core

● TA type

● **Available sizes :** 2 7/8", 3 1/2" etc

● **Material:** rubber + metal core

Part 7. Rubber Oil Packer

- Qinuo supplies standard and custom Packer Elements in various sizes and configurations for many downhole applications.
- These Packers are available in a variety of industry grade materials, including specific compounds for extrusion resistant and high expansion performance.
- Qinuo also offers options of pre-assembled Packer Element systems with a variety of back-up configurations. Cup packer is mainly composed of upper joint, cup and center tube.

Part 8. Wireline Oil Saver

Oil Saver Rubbers are designed to provide a seal on the wire line while retrieving the swab string from the tubing or casing of a well.

Type 'H' Oil Saver Rubber (3/8" to 5/8")

GA 9/16"

OS-1/2"

OSB-5/16"M

Type double EE CL 5/16" or other sizes upon customer's request.

This sealing action contains the well pressure inside the tubing string. The rubbers also provide a wiping action of the wireline, which ensures a cleaner and safer job site.

Part 9. Custom parts

SHQN can customized the parts upon customer's design drawing or original samples.

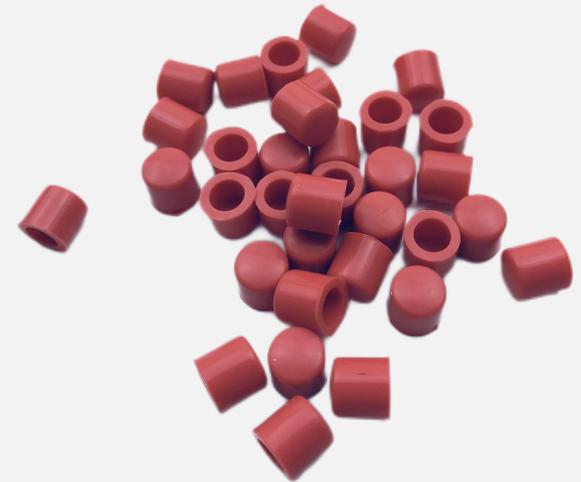

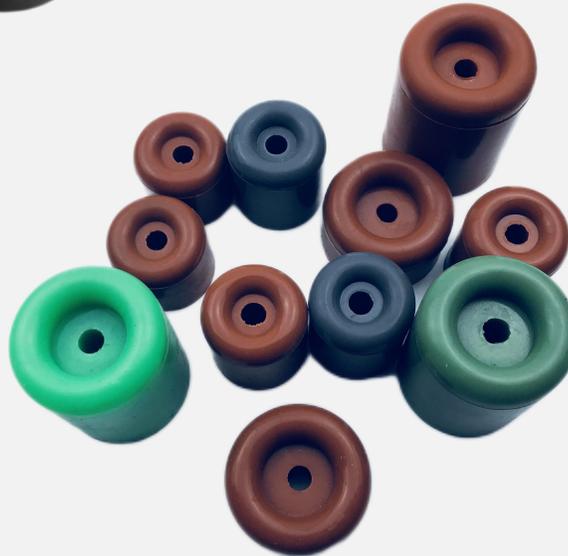

Available material for customization:

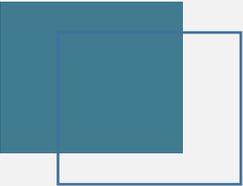

- Kinds of rubbers:
Aflas/EPT/FFKM/Fluorosilicone ...
- PTFE/PU/PEEK/PLASTIC...

Part 9. Custom parts

Other standard or customized parts from SHQN

Extra Service from SHQN

◆ Shipment:

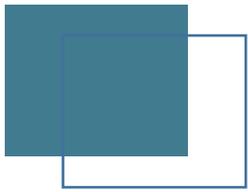

Shanghai Qينو is offering full care service to ship the goods to your factory/warehouse from Shanghai, China to North America.

We have good rate from DHL/FedEx which can deliver our goods within 3-6 days.

It's only one and half hour drive to the Pudong Airport and Shanghai Sea port, the airline usually can arrive the main international airports in the North America at the second day, and the ocean ship usually can arrive west coast(Los Angeles or Vancouver) at 16-18 days.

◆ One Stop Services:

- Design capabilities
- Prototyping and production runs
- Full quality-control laboratory
- Rubber Seal Solution and Suggestion
- Custom Packing

Thank you!
